### Essential Notes

① If PV system is less than or equal to 11 kW, the customer has two options; either to go for contractor only (level C or above), or to go for both contractor (level D or above – Level D shall engage a consultant) and consultant (level C or above).

② If PV system is greater than 11 kW but less than or equal to 20 kW, the customer shall go for both contractor (level D or above) and consultant (level C or above).

③ If PV system is greater than 20 kW, and connected to LV network, the customer shall go for both contractor (level B or above) and consultant (level B or above).

④ If PV system is greater than 20 kW, and connected to MV network, the customer shall go for both contractor (level A) and consultant (level A).
